Three Decades of Excellence

Chairman's Message

Our key commitment, since SKI's inception in 1984, has been to strive to become a catalyst of a secure and sustainable future for the world through technology and innovation. Whether it is utilising cutting-edge technology & manufacturing equipments to provide class-leading products, to offering ground-breaking, customised business solutions. Our ability and capacity for innovation continue to drive our accomplishments. In saying this, I would be remiss if I did not acknowledge the hard work and dedication of our people and the executive team. They have shown total commitment to our values and vision, which is reflected in their achievements in transforming and improving the organisations and industries in which they operate. We remain focused on the future and look forward to delivering significant and sustainable growth to our clients.

Who Are We?

SKI® established itself in 1984, 32 years ago, with a group of qualified and competent professionals, hotel executives, engineers and architects with hardcore professional expertise. Today we have a future-ready plant to produce undisputed quality products, varied spectrum of designs for customized usage and timely delivery after rigid processes, schedules, and hard work. Our highly skilled designers have kept an eye for detail, capable of dodging any curveball enabling our clients to access a world of breathtaking designs and ingenious solutions. With continuous research and development, we have created the brand SKI® which has become synonymous with exquisite taste, unparalleled service and unmatched quality. We combine extraordinary talent and global experiences, and through our highly professional approach to project management, we consistently build strong and lasting business relationships.

Our Mission

Our mission is to provide our customers with the best value, quality and range of selection. All our products are designed and created to give cost-effective solutions that best complement our client's specific needs. We aim to provide innovative solutions in our areas of expertise together with exemplary services and unmatched standards to satisfy our clients wherever in the world they may be.

Our Vision

To further expand our prospects, and gain recognition as a leader in our industry, we have escalated our business to cater to the interior design execution needs of our clients. Since we have been serving the hospitality industry, we have come up with the most innovative and modernised manufacturing facilities for all types of interior works and furniture. While staying committed to being a catalyst for innovation, continuously challenging the frontiers of technology and design to create solutions that propel our client's businesses as well as our own. No job is too complex; our professional team is committed to seeking projects from design development to final finishing.

Our clients' interests are at the forefront of our work.

Our achievements are made possible through our clients as our workmanship is appreciated by them in terms of repeated projects which shows the faith and trust our clients have in our team and the services we provide them. Most of our clients remain loyal year after year and frequently tell us that they view S.K International as an extension of their own team.

Three Decades of Excellence

HISTORY & GROWTH

Over 36 years of history, design, industrial products, new materials, and cutting-edge technologies, S. K. International started as a small-scale practice in 1984. Carrying the legacy forward, S.K International today is the perfect blend of its rich history and its thriving future, with a desire to discover new directions guided by an intense passion for creation. We take pride in our clientele, as they have shared this journey with us and continue to do so today.

We are one of the largest family-owned furniture companies and a diversified leading global manufacturer of world class furniture products. Driven by a passion for excellence and skilled craftsmanship, we have experts and professional teams taking charge of their respective fields. Looking forward, S.K International aspires to continue to pursue the boundless realm of design-forward creativity by working with global clients.

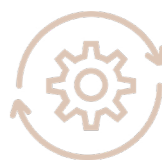

Design

We turn your ideas into reality. With an aim to promulgate the convergence of design and industry, our skilled designers are capable of dodging complex problems with breathtaking design solutions.

Manufacture

Our products are manufactured in a large, modern industrial facility equipped with advanced machinery and the latest technology for metal and wood, allowing us to meet colossal consumer demands.

Execution

Crafted and delivered with care by the leaders of the industry. Our professionals meticulously craft every detail of our products with great care, maintaining consistency and quality from beginning to end.

Hotel Dralha

Bhutan

This project entailed the development of a small boutique hotel in capital city of Bhutan. Unlike a regular hotel, the clients sought to achieve a progressive and a unique plan for the same.

One of the key design features of the project is the accentuation of the natural lighting, making it feel more palatial. The building resonates with a Modern yet rustic design approach. The scope of work for the said project included designing an exclusive, small-scale restaurant (all-day dining space), a roof top bar, a conference hall, lobby, and 30 rooms.

Further promulgating smarter design, the selection of the materials and the overall design was executed in a manner which minimised the hotel operation & maintenance cost.

EXECUTION

This project is being executed for the 5-star property under the IHG Group umbrella in the city of Lord Buddha. Going with their signature design theme, the project entailed the execution of 90 rooms including suites, with fixed and loose furniture. Along with the execution for the complete interior works of the hotel lobby area, banquet hall, and the all-day dining restaurant.

The executed design comprises a warm and comforting atmosphere with subtle colours and exquisite material finishes. Execution work includes manufacturing and installation of all the furniture and fixtures including site finishing work such as paint, polish, and POP works.

Appt 10B

Central Park
Resorts, Gurgaon

This project is the one of several residential projects we have executed. A 4000sq.ft. apartment with 4 rooms, a family lounge and living and dining spaces, specifically designed keeping in mind client's aspirations to uplift the existing residence with a minimalistic and a luxurious approach. To achieve this, we used gold highlights and greys along with textures on walls and fabrics to create a balanced look. The scope of work included lighting, ceiling, paneling, and furniture.

EXECUTION

S.K. International Corporate Office

The intent was to create a **signature style** for SKI offices, which relates to our contemporary approach. To encourage interactions and collaborative working environment, the space features an **open office format**, an **experiential portfolio**, and a **minimalistic colour palette**.

Apart from the above-mentioned, we have also integrated textures, patterns, materials, and furniture we use in our design approach.

EXECUTION

Lemon Tree & Red Fox Hotels

Sector 60, Gurgaon

60 Rooms executed in 60 Days. The project entails furnishing several rooms belonging to various room categories of the hotel. The products used for this project had a clean laminate finish and post-formed edges. The execution was done by us while the designing was carried out by Design Plus Associates. The products were designed to reflect the high architectural standards and their class-leading services.

It all starts with a conversation.

The first step in the journey towards your vision is a friendly chat with us, at our office, in your premises, or virtually, where we understand your requirements, initial ideas, & your lifestyle ethos.

We evaluate your problems.

Once we gather your ideas, we will put the problems you may encounter to the test and perform intensive research to come up with ingenious solutions that will stand the test of time.

Straight to the drawing board.

Together, we will co-create your design. Using our learnings, we get right to the drawing board to develop executable concepts while incorporating your taste and preferences.

Agree upon a plan of action.

Workable concepts are then put into action by selecting a promising solution. Your idea is converted into a workable 3D design for further approvals and confirmations.

Advance to manufacturing.

As soon as our team receives the go ahead, manufacturing is initiated for your design incorporating the selected materials and finishes at our finest manufacturing facilities.

Executing your vision.

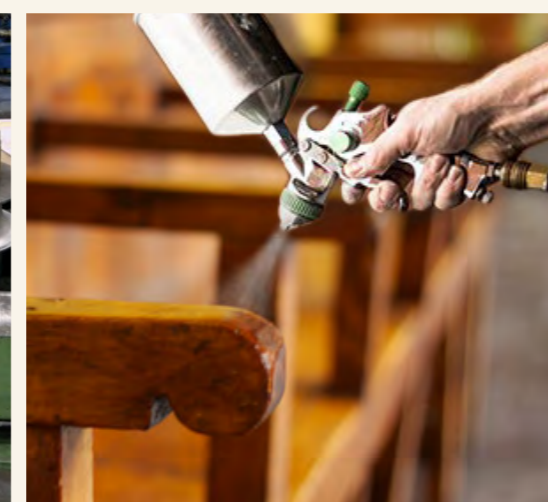

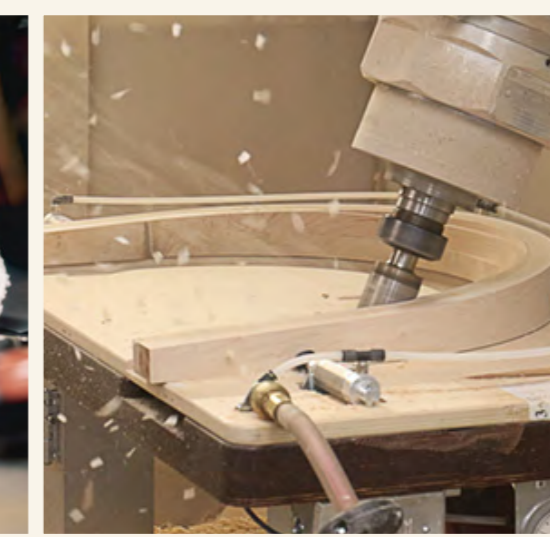

The work begins on-site, where our skilled craftsmen put the evolved ideas into motion. They work to specification, maximising value, and minimising conflict, to achieve the highest standards.

From a render to reality.

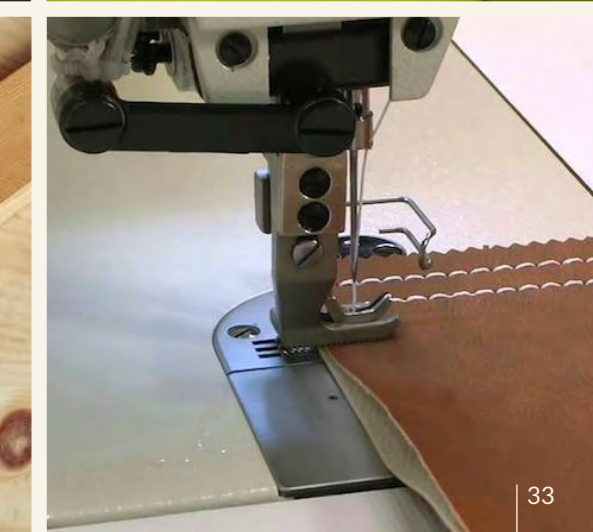

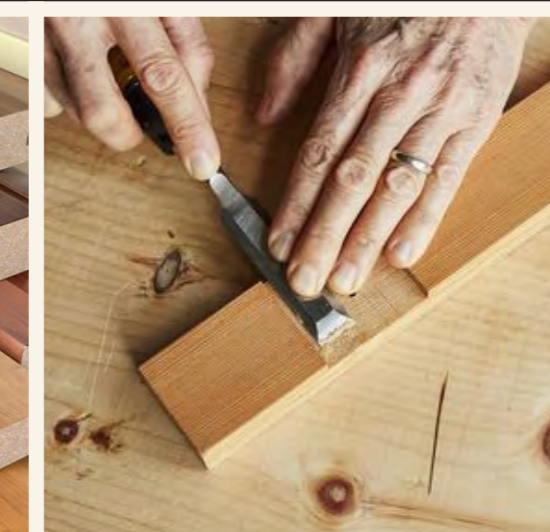

Each client is treated with high priority. From renders to floor reality, our skilled fabrication team will ensure timely delivery of your project as promised and as expected.

Why Us?

With 32 years of expertise, a host of extraordinary talent, global experiences, and cutting-edge facilities to produce undisputed quality products, we promise our customers the best value, quality and range. We work hard and leave no stone unturned.

Our manufacturing prowess.
 At S.K International, what sets us apart is the creative & inspiring team of hard-working people.
